... The setting makes for a more eclectic atmosphere, such as the one surrounding a presentation by Detroit-based gallery Reyes | Finn: an open-plan room that formerly housed a swimming pool. The gallery's ground-floor booth (it also has another on the fourth floor) is home to minimalist ceramic sculptures by Marie Hermann, who had also draped the walls with canvas and then lathered them with wet clay. "It was drying until yesterday," said gallery director Terese Reyes, who noted that the Invitational had been receiving steady traffic since its opening on Wednesday.
